

# HIV Counseling & Testing/ Tuberculin Skin Test

## 2014 Trainings

**HIV Counseling & Testing Training:** Will provide resources and information on communicable diseases, training on conducting the rapid HIV test, interviewing and counseling clients, as well as to provide resources within your community

**Tuberculin Skin Test Training:** Hands on training and tips for placing and reading a TST and gain updated information on Wyoming TB statistics, risk assessments, targeted screening and a refresher summary of exposure to latent, and active tuberculosis. **\*\*MANDATORY\*\*** for any individual conducting TST placement and reading with the WDH TB Program provided materials.

**Registration:** Registration is a requirement for this event via <http://wy.train.org>. If you plan on attending both trainings, you will need to register for **both** on WyTrain. Space is limited to the first 30 people to register.

**Additional Information:** Lunch will be provided for all attendees at 1230. Individuals who will need to travel to the trainings, mileage will be paid for by the WDH Communicable Disease Unit.
